

## RUSHING PLANT TO COMPLETION

**BIG SMELTER AT ELY WILL SOON BE FINISHED.**

E. L. Fletcher is back from the Ely country, and to his mind it is going to be the best country in the State. He has property in the neighborhood of Ely, and he says that the entire district is going to be benefited by the improvements now going on in the copper camp.

"There are a thousand men now working on the big smelter at Ely," said Mr. Fletcher, "and the big plant is being rushed to completion as fast as possible. There is considerable work going on in the camp besides, and the country around there is all looking good."

## PUSHING WORK ON OIL WELLS

William Lagrange, an oil expert of Bakersfield, was a passenger on yesterday morning's train for Colorado, where he is interested with W. S. Johnson and L. L. Mudgett in an oil well. The rig has already arrived and the casing has been ordered, and the three men are going to push the work for all they are worth. A flow of 30,000 gallons was obtained from a tunnel in the hill, and the owners are certain that they have a winner. The oil has proven by test to be an excellent lubricant.

## BELMONT SHIFT BOSS INJURED

**HAS KNEE SPRAINED BY BEING THROWN TO BOTTOM OF CAGE.**

O. A. Fuller, night shift boss of the Belmont mine, had a narrow escape from being seriously injured on Monday night while going down in the cage. The latter was caught on one of the levels, by some protruding object, and the shift boss was thrown to the bottom of the cage and severely jarred. It was found that his knee was sprained, and he was removed to his home, badly shaken up, and considerably bruised. He could not report for duty last night, but it is said that beyond the sprained knee, he is not seriously injured.

## ANNUAL MEETING OF FIRST NATIONAL

**REPORT SHOWS BANK TO BE IN A FLOURISHING CONDITION.**

The annual meeting of the Nevada First National Bank took place yesterday afternoon, and the following officers were re-elected: Malcolm Macdonald, president; Lewis A. Parkhurst, Donald B. Gillies, George A. Bartlett, vice-presidents; R. T. Harris, cashier.

The affairs of the bank were reported to be in splendid shape, with business constantly increasing. The deposits were increased in December by \$46,000.

## VIRGIN DISTRICT IS A BUSY ONE

**SEARCHERS FOR OIL ARE OBTAINING VERY GOOD RESULTS.**

Tonopah is well represented wherever there is anything in the way of mining, and it does not necessarily follow that it is gold or silver mining either. There is a colony over in the Virgin oil fields, and reports from there indicate that some of them are doing very well. R. E. Tilden, United States deputy mineral surveyor, returned from the oil fields on Sunday and says that the district is a very busy one. He says that there are at least sixteen wells going down to get the lower oil strata, and that there will be many more as soon as the tools can be got in.

"H. H. Clark is there with his usual enterprise," said Mr. Tilden, "and he is now in the East to buy the best string of tools that is to be had in Pittsburgh. He is going to sink about twenty miles from Virgin City. The Dave Martin well is down about 850 feet, and has the first strata of oil. The Bush brothers have closed down temporarily; they were pumping forty barrels a day. The oil that has been sold brought \$2.50 a barrel."

The finest grade of liquors and cigars can be found at the Nevada Club.

## GOOD REPORTS FROM STIMLER

**FOREST SWEARS HAS TWO LEASES WHICH SHOW HIGH GRADE.**

Forest Swears, a well known mining engineer of Goldfield, arrived here yesterday on his way from Los Angeles to Stimler, the new camp in the vicinity of Silver Peak, where he has two leases.

"I have not been to Stimler for some time," said he, "but I have heard very good reports from there in my absence. I have two leases over there, both of which are in high grade. Stimler, for whom the camp is named, has large interests there, and confidently expects to make another fortune there, as he did in Goldfield, which camp he discovered."

"Los Angeles shows considerable improvement, and the inquiry for Nevada stocks and properties is getting more marked. There was a great deal of talk about Rawhide while I was there, but I could not tell the people anything about that camp, as I have not been there. I have heard so much about Rawhide, both in Los Angeles and since I came back here, that I have determined to make a trip there as soon as I get back from Stimler."

There will be the same exclusive attention paid to the attendance as marks the weekly gatherings.

## CHICAGO BANKS ON CASH BASIS

The Chicago banks have gone on a cash basis, and the clearing house is retiring the certificates as fast as possible. This is the word that was received yesterday by the Nevada First National Bank from the First National Bank, the biggest financial institution in the Windy City.

Chicago is the second city which has returned to a sound money basis within the past week, the banks of Salt Lake having led the way. This is the slogan of returning good times and the quicker the cities get back to paying cash, the quicker we will be in the fair way of prosperity.
